# A MESSAGE FROM MAYOR DAVE FLEISHER

Dear Neighbor:

In January, I kicked off “Healthier Together” our Township-wide Mayor’s Wellness Campaign aimed at promoting health and wellness and offering opportunities for residents to engage in activities that support a healthy lifestyle.

The campaign focuses on four key areas: physical health and nutrition; environment and health; education and health, and arts and health with the goals of:

- Encouraging active lifestyles and healthy eating in our community.
- Helping our community take advantage of the outdoors.
- Keeping our community sharp, engaged and curious.
- Stirring creativity and strengthening community ties through the arts.

As co-chairs of the campaign, my wife, Jen, and I encourage you to take the Mayor’s Wellness Pledge to:

- Get Active. Exercise at least three times a week for 30 minutes.
- Eat Healthier. Increase consumption of fruits and vegetables, drink more water and limit consumption of junk food.
- Know Your Numbers. Consult with a doctor to understand your weight, BMI, cholesterol and blood pressure.

Sign the pledge by visiting [www.chnj.gov/mwc](http://www.chnj.gov/mwc).

We also invite you join us for my monthly Mayor’s Wellness Walks and other special health and wellness events that will be held across the Township throughout the year. To register, visit [www.chnj.gov/mwc](http://www.chnj.gov/mwc).

And as always, our Township Recreation Department offers a range of programs and activities for residents of all ages and abilities. Take a look through this magazine to find a program that is right for you! Our Rec programs are complemented by youth sports programs, run by fabulous volunteers, all over town: [www.chnj.gov/1016/Athletic-Clubs](http://www.chnj.gov/1016/Athletic-Clubs).

Thank you to Jefferson Health for serving as a premier sponsor of the Mayor’s Wellness Campaign, and thank you to everyone who has already signed the pledge and walked with us.

Small changes in our health can have a lifelong impact, and with this campaign our community can get healthier together.

Your Mayor,  
Dave Fleisher

## HOME IMPROVEMENT PROGRAM

Income eligible homeowners may be eligible for a 0% interest, deferred payment loan program which provides qualified applicants with funding for needed home repairs. Eligible work items include things such as: exterior, interior, roof, siding, windows, heating systems and electrical systems.

The program may not be used for room additions or upgrades.

**(Roof, HVAC & Handicap Ramps are forgivable after 10 years)**

#### Who is eligible for the program?

Homeowners must reside within one of the eligible municipalities and the household income must be lower than the income limits below.

## OFFICIAL STATEMENT

### Cherry Hill Police and Department of Public Works Statement Regarding Tree Service Companies Soliciting Work Without Permit

The Cherry Hill Police Department and the Department of Public Works have received numerous complaints from residents regarding tree service companies soliciting work without a permit. These companies often perform work and inform the resident that they will return to pick up the branches or that the Cherry Hill Public Works Department will remove the branches. On one occasion, a male falsely represented himself as a public works employee and guaranteed the branches would be removed by the Township.

As per the Solid Waste & Recycling Ordinance, any yard waste generated by a commercial landscaper must be removed by them and will not be collected by the Township. Municipal employees will never knock on doors to solicit any type of work or ask for payment. We ask that residents contact the Cherry Hill Police Department non-emergency line (856-665-1200) to report any companies soliciting without a permit.

## Cherry Hill Environmental Board

### Attracting Wildlife to Your Spring Garden

The Cherry Hill Environmental Board (CHEB) strives to serve as an environmental resource to our township, promoting activities that enhance our local ecology.

According to NJ Audubon Society, most space in NJ is already developed or protected. To counteract the limited wildlife habitat area in New Jersey, CHEB suggests adding habitat areas when you plan your spring garden.

Here are a few simple, practical, and actionable ways you can encourage wildlife to your property this spring:

**Create a wildlife habitat.** Adding native trees and plants to your yard provides habitat resources for bees, butterflies and birds. Consider having your yard certified as a wildlife habitat. Visit our website to learn more: [www.chnj.gov/CHEB](http://www.chnj.gov/CHEB).

**Mow less often.** Allow rabbits to be your 'first lawnmower'. Alternatively, mow in February and March, and then reduce frequency as species begin to emerge in April.

**Leave a section wild.** Whether it be allowing native grasses to take over, or leaving a log, leaf or brush pile, you can attract birds, woodland creatures, amphibians, butterflies, bees, lightning bugs and more by providing cover and food. For example, bees love the white clover that emerges in our lawns around May. Fun fact, no-mow grass has better heat tolerance!

**Create a balcony garden.** If you're short on space, use a variety of flowerpots containing herbs, as well as flowers that produce nectar and seeds, to attract wildlife. Try lavender, verbena, or sunflowers.

Start small by choosing one item from the list above, and begin your planning now for the best chance of success. Let's make our township a green, flourishing habitat for all.

## Cherry Hill Police Department Implements L.E.A.D. Program for 6th Grade Students

The L.E.A.D. program is a collaboration between LEAD-certified law enforcement officers, educators, students, parents, and the community to prevent or reduce drug abuse and violence among youth. Piloted in 2023 at Rosa International Middle School for 6th graders by Officers Anthony Amato and Gerald Gares, the program expanded in the 2023-2024 school year, to include Beck and Carusi Middle Schools, where it continues today. The Cherry Hill Police Department has 15 certified LEAD instructors who teach ten lessons over the course of ten weeks at each school.

The curriculum effectively reduces adolescent alcohol, marijuana, and tobacco use by preparing

students to act decisively in refusing offers to use drugs, recognize the risks and avoid drug-related situations. It also focuses on building strong decision-making, communication, planning and assertive refusal skills. At the core of the program is empowering youth to value their own perceptions and

feelings and make choices that support drug-free values.

This program is just one of the many ways in which the Cherry Hill Police Department connects with our community. Our commitment in educating young children also plays an integral role in making Cherry Hill a safe community.
