

Red Sunset[®] Maple

Acer rubrum 'Franksred'

TREE DETAILS

Growth Speed

Medium to Fast

Mature Height

45' - 50'

Mature Spread/Width

35' - 40'

Shape

Rounded

Sun Preference

Full Sun, Partial Sun/Shade

Soil Preference

Acidic, Clay, Loamy, Moist, Sandy, Silty Loam, Well-Drained, Wet

Highlights

Known as one of the best red maple cultivars, this tree delivers on color. Winter buds, clusters of small winter/spring flowers, leaf stems, twigs, and winged summer fruits all carry a red hue. And of course, the fall show is breathtaking, with red and orange leaves blending to give a sunset effect.

The lovely red coloring, a good branch structure, and a faster growth rate make the red sunset maple a welcome enhancement to any yard or public space.
